

FALL 2015 SCHEDULE

Tuesday, September 29, 2015

Jay Stratton Noller

Professor and Department Head at Department of Crop and Soil Science, Oregon State University
Art Geomorphology: The disciplined creation of art as geomorphologic science

Tuesday, October 06, 2015

Tammy Wood

Hydrologist, Oregon Water Science Center, U.S. Geological Survey
Will the Mixing Regime of Crater Lake, Oregon Change in a Future Climate?

Tuesday, October 13, 2015

Janine Castro

Geomorphologist, U.S. Fish and Wildlife Service & NOAA Fisheries
The Dammed Mekong

Friday, October 16, 2015

Franciso Simões

Research Hydrologist, National Research Program, U.S. Geological Survey
Application of multidimensional modeling to peak flood flow estimation

Tuesday, October 20, 2015

Lauren Smitherman

Recent Graduate from Water Resources Graduate Program, Oregon State University
Forensic Hydrogeography: Assessing Arsenic Concentrations and Testing Methods Within the Harney Basin, Oregon

Tuesday, October 27, 2015

Paul Pedone

Geologist with Natural Resources Conservation Service; Volunteer with Engineers without Borders
Volunteering with Engineers without Borders: my experiences in Ethiopia and Nicaragua

Tuesday, November 3, 2015

Phil Mote

Director of Oregon Climate Change Research Institute and Oregon Climate Services; Professor in the College of Earth, Ocean, and Atmospheric Sciences, Oregon State University
The 2014-15 west coast drought: why did it happen? how long until it happens again?

Tuesday, November 10, 2015

Kristin Sweeney

Recent Ph.D. graduate in Geomorphology at University of Oregon; Mendenhall Postdoctoral Fellow at Cascades Volcano Observatory, U.S. Geological Survey
Linking geomorphic process and landscape form: analog experiments and topographic analysis

FALL 2015 SCHEDULE

Tuesday, November 17, 2015

Tim Mayer

Supervisory Hydrologist, U.S. Fish and Wildlife Service
Watering the National Wildlife Refuges

Tuesday, November 24, 2015

Heejun Chang

Professor and Chair, Department of Geography, Portland State University
Climate Change and Stream Temperature: Implications for fish habitat

Tuesday, December 1, 2015

Staci Simonich

Professor, Environmental and Molecular Toxicology and Chemistry Departments, Oregon State University
What Goes Around Comes Around: Chasing Persistent Organic Pollutants in the Western U.S.

Thursday, December 3, 2015

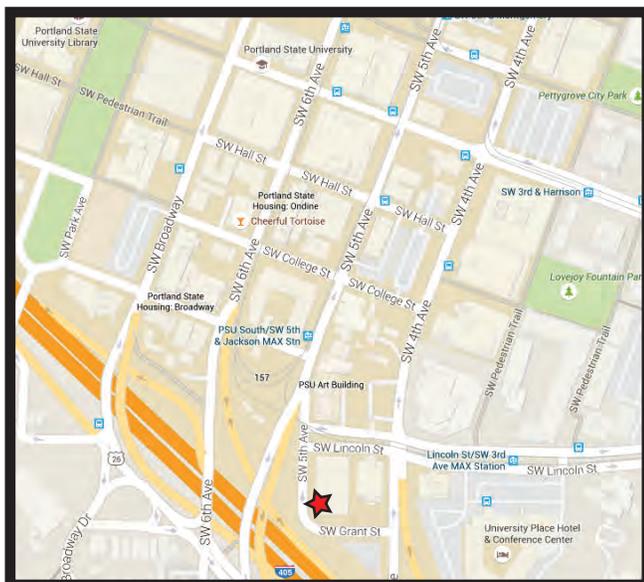

Steve Gingerich

Research Hydrologist, Oregon Water Science Center, U.S. Geological Survey
Water Resource Studies in the Pacific Islands

Tuesday, December 8, 2014

Catherine Corbett

Chief Scientist, Lower Columbia River Estuary Partnership
Habitat Restoration Targets for the Lower Columbia River Ecosystem – How Much is Enough?

**Tuesdays @ Noon
USGS, Willamette Conference Room**

**Oregon Water Science Center
2130 SW 5th Ave**

**Presentations begin at 12:00 pm
Free and open to the public
Feel free to bring your lunch!**
